

Magpie Fairy Crafts Wedding Journal Design Form

Use this form to describe your requirements for your Magpie Fairy Crafts custom wedding scrapbook journal.

You can complete the form electronically and send to the email address below or you can print the form, fill it in and post to the address shown.

Please do not return the form until you are confident that there will be no substantial changes to your wishes. Once you have paid online for your journal and submitted the form, work will commence. The fee paid will be non-refundable and any changes will cause additional charges.

There are a few entries on the form that must be filled in, including essential contact information and the relevant Magpie Fairy Crafts order ID from your journal purchase. These fields are marked as required fields.

All other entries are intended to help you describe what you want. Use those that help you to do so and feel free to ignore any entries that do not help you. Do remember, however, that information not supplied will also not be included or used in the design and make up of the journal.

Include any images or samples of things that are likely to help in matching to your theme as well as possible. Use .jpg or .png images if supplying digital images or good quality printing on plain paper for printed images. Small samples of fabrics etc. can also be very useful.
